College of Micronesia-FSM

COURSE MODIFICATION REQUEST

ECE 100	Education Division
Course Number and Title	Department
Same as above	*Same as above*
Recommendation Course Number and Title	Department

New Course Objectives:

1. Examine historical roots of early childhood education.
2. Become familiar with the different early childhood program models.
3. Demonstrate understanding of the basic components of early childhood curriculum framework.
4. Demonstrate understanding and application of assessment procedures appropriate for young children (ages 3-5).
5. Demonstrate understanding of the issues in program management, teachers' roles and parent involvement.

New Course Description:

This course provides foundation and framework of early childhood programs, historical roots, program models, curriculum development, assessments, and key issues relating to early childhood education, teacher's roles and parent involvement.

Justification of Revising the Course:

Change in program learning outcomes and course outline to follow the Division's course SLO format.
